A Message From Your Editor Judy Keenan

Call of the "Get Up and Go" month. Now that summer is here, and all the cold nasty weather and rainy weather (I hope) is behind us, it is time to put some miles on your vehicles!

Some members of our club have already been on a few tours. If you are one of those lucky members, I would love to receive some pictures and a little information on the tours to share in the Brass Lamp. Maybe that would interest those that have not tried a tour to sign-up for one. Also for those of us who do not own a car to go on certain tours, it lets us enjoy the trip through your pictures.

Bob and I just returned from the AACA Eastern Nationals in Syracuse. We will share some pictures in our next Brass Lamp.

Bob and I took our Airstream with us to the show. This was our third camping trip this season. Since Bob was judging at the show I relaxed around the pool. It was in the 90s.

Four other GVACS members joined us on Friday. I will post some pictures in the next Brass Lamp of our trip.

Take advantage of what our club has to offer you. The friendships and knowledge that we share with each other is priceless.

Blessings, Judy

A Message From Your President Don Dear

Summer is here! Check out the many fun, local events in this issue. Review all those eblasts that Jim Day has been sending. Your cars love to be out and about and admired. This makes them happy. Call a car buddy or two and join in the fun.

We recently had sad news about the passing of Bob and Connie Dilger. They were long time members and will be missed. Bob was a Board member and then Vice President for many years. At our recent Board meeting, Brian Moon, a Board member, was appointed to fill Bob's term as Vice President. Judy Keenan was appointed to fill Brian's term as Board member. Thank you for volunteering.

Many thanks to Betty Reilly and the Keenans for hosting the ice cream social. All the customers

there love our cars. Pictures will be in the next issue.

A popular event is *Cars and Coffee*. Join your car friends for a delicious breakfast and great camaraderie. Many thanks to the Kiers for coordinating these get-togethers.

Our calendar is almost full. Put our events on your calendar and plan to be there. Our event planners like to plan, but they also enjoy seeing you and your cars having fun. An updated calendar of GVACS events is in this issue.

Enjoy the ride!

**DEEPEST
CONDOLENCES**

Former GVACS member Robert (Bob) Joslyn passed away June 2, 2024.

Our condolences to his wife, Kay and family.

Bob was GVACS secretary 1999-2004.

*Our Deepest
Sympathy*

Condolences to the family of Connie Fowler Dilger who passed away peacefully at home on May 18, 2024. Connie was born on August 2, 1932, in Rochester, NY. She was predeceased by her beloved husband, Robert (Bob) of almost 68 years. Connie was a very active member in GVACS along with her husband. They both will be sadly missed.

Our heartfelt condolences goes out to
Pat and Evelyn Lloyd
on the passing of Evelyn's father,
Walter "Wally" Eisenhower
on May 30, 2024. Wishing you peace
during this difficult time.

July 2024 Secretary's Report

Dear GVACS Members,

As we noted in the June issue, it is now the season for us to enjoy the Car Hobby. We are having one or more events each week and in different locations around the area.

GVACS members have a significant investment in time and money in the antique cars that they love. It is especially satisfying to see small groups of people with cars of the same make as they come to events together. It is easy to feel the satisfaction that the group has with their friends and cars.

We encourage you to go to as many events as you can.

All the Best,

Jim Day, Secretary GVACS

Our Bodies Age

A Murray Stahl Muse

As we age it's normal to become ever-more aware of our bodies. In our little club we understand car parts like fuel and water pumps, fuel-lines and the ever present, exhaust system. Our bodies have similar systems, but in our body, they are expected to operate 24 hours a day; our body's off switch is very final. It's interesting to compare our cars engine parts to our own for they serve a similar purpose; to keep it all running.

Approximately 80-90% of what we perceive as "taste" actually is due to our sense of smell.

Your heart beats about 35 million times in a year. During an average lifetime, the human heart will beat more than 2.5 billion times. What a pump!

Your body has about 5.6 liters (6 quarts) of blood. This 5.6 liters of blood circulates through the body three times every minute. In one day, the blood travels a total of 19,000 km (12,000 miles), that's four times the distance across the U.S. from coast to coast.

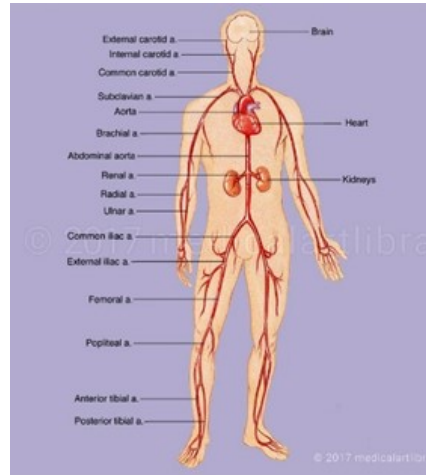

The heart pumps about 1 million barrels of blood during an average lifetime, that's enough to fill more than 3 super tankers.

If all arteries, veins, and capillaries of the human circulatory system were laid end to end, the total length would be 60,000 miles, or 100,000 km. That's nearly two and a half times around the earth! That's a lot of fuel lines!

Even though its thickness averages just 2mm, your

skin gets an eighth of all your blood supply.

The skull looks as though it is a single bone. In fact, it is made up of 22 separate bones, cemented together along rigid joints called sutures.

If a human adult's digestive tract were stretched out, it would be 6 to 9 m (20 to 30 ft) long.

Red blood cells may live for about four months circulating throughout the body, feeding the 60 trillion other body cells. Red blood cells make approximately 250,000 round trips of the body before returning to the bone marrow, where they

were born, to die.

Human hair grows about 1/4 inch (about 6 millimeters) every month and keeps on growing for up to 6 years. The hair then falls out and another grows in its place.

The average healthy mouth produces about 600 milliliters of saliva each day. That's enough to fill a 12 ounce soda bottle.

The fastest nerve cells are carrying messages along their axons at an amazing 130 yards per second (268 mph).

If you look closely at our bodies you realize that this is a very complex system that requires maintenance, take care of yourself or they'll stick a "it ran

when parked" tag on you.

Don & Chris Dear's 1985 Pontiac Grand Prix

This is our "Orphan Car." Toured recently to Maryland. Will do the VMCCA Orphan tour in 2025. An "Orphan Car" is a brand that is no longer manufactured.

Generally, a model becomes an orphan when the automaker ceases production of all its

models. "Toyota's Scion brand, Ford's Mercury brand, and General Motors' Pontiac, Oldsmobile, and Saturn are all examples," said Tom McParland, founder and owner of Automatch Consulting, a concierge car-buying agency. May 3, 2024

Car Show at Monroe #1 BOCES Letter & Pictures

Hello Friends!

I just wanted to take a moment and thank everyone for coming out to the Car Show at Monroe #1 BOCES!

Thank you to everyone that Voted for their favorite vehicle. It was a close run! The top 3 were the Blue & White 1968 Ford F100 (Cole Hoats). The Blue 1994 Honda Acty Mini Truck (John Migliorini). And the 1981 DMC DeLorean (Bob Newton).

With only a few Votes of separation this year's BOCES Choice Award goes to Mr. Bob Newton with the awesome 1981 DMC DeLorean. Congratulations! Mr. Newton and thank you for sharing your beautiful DeLorean with us.

Once again, this year we had car club members from GVACS (Genesee Valley Antique Car Society), The Buick Car Club, The Street Machines of Rochester, Rochester Corvette Club, and Gone Cruisin Car Club. Monroe County Sheriff, The Brighton Police Department and the Town of Brighton participated in our show with multiple entries. Lastly, our very own BOCES staff and local car collectors and enthusiasts attended the show.

Thank you for your time and support !!

Thank you, Mr. Shufelt 21st Tech Skills and students, for making our Piston Choice Award. Mrs. Carol Hill from the Imaging Center for providing the participation certificates.

Mr. Chuck Lynn, Mr. Kevin Dromgoole and the MOF/EMCC staff for their time and hard work planning and organizing. And Mr. Eric Digiulio for MCing the event. Everyone goes above and beyond to help, and I appreciate it.

Thank you, what a great turn out, we had close to 50 cars this year to enjoy, admire and appreciate. Thank you, Teachers, and Staff, for bringing out your students. I have received nothing but positive feedback from everyone that attended.

We look forward to having you back next year!!!

Thanks again,
